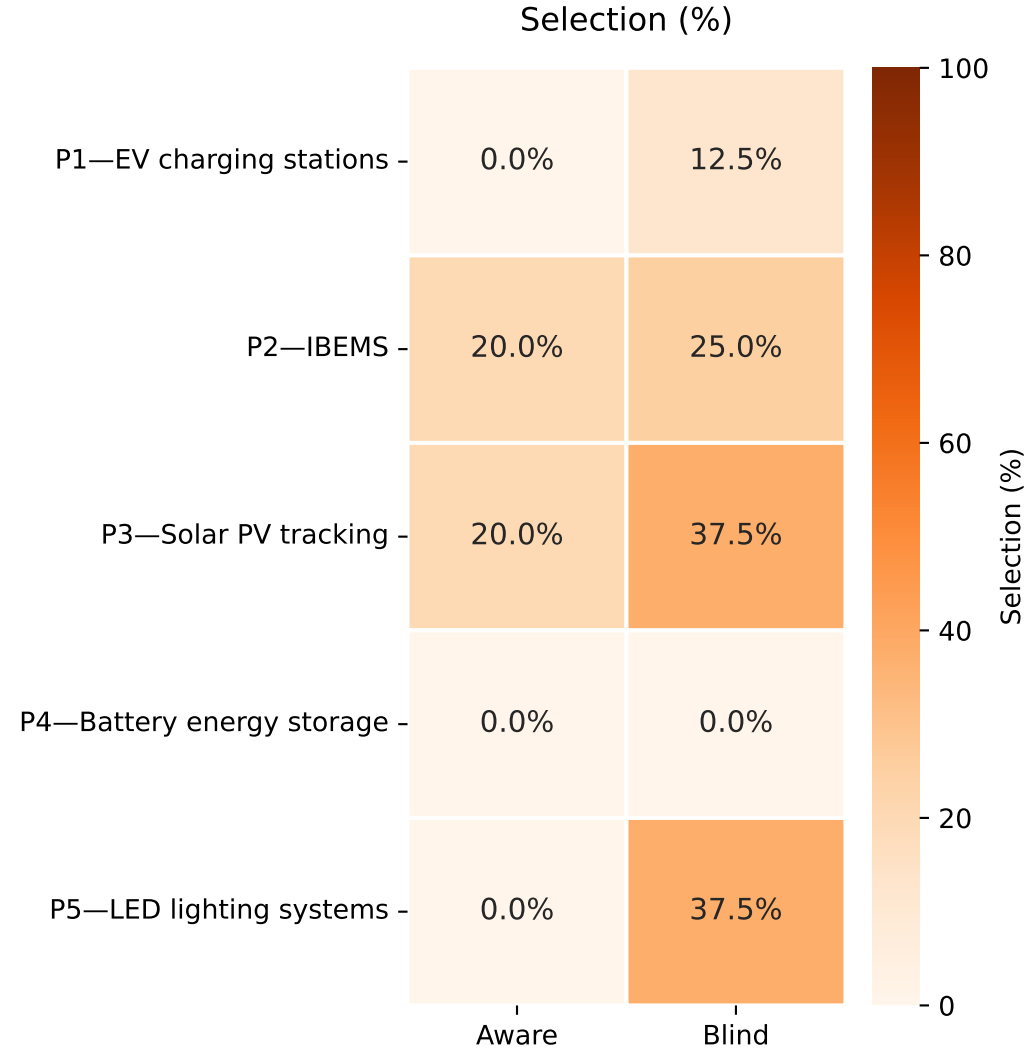
Ability to judge by condition



Reason

E4B (blind): “known technology, known application, maybe some novelty on the optimization part”

E3A (aware): “EMS is already existing. the fact to move to DC will not change so much the approach. Even more, it will reduce the interest of ...”
E6B (blind): “It is to me known and a general description”
+ 1 additional written reason(s).

E3A (aware): “Already exist.”
E3B (blind): “It looks similar to already known technologies of maximum power tracking in PV”
+ 2 additional written reason(s).

No provided responses.

E4B (blind): “known technology and application”
E6B (blind): “LED system, of course well managed, were novelty approx 10 years ago”
+ 1 additional written reason(s).
